Dear Members of the Hindu Temple of St.Louis,

We had a joint meeting of Executive Committee and Board of Trustees on March 2nd, 2020, about the turbulence and inconvenience created by the letter written by a liaison member of West County Interfaith Community. After determining the facts, we regretfully inform members that the letter was sent by the same member of the Interfaith Organization.

All religious organizations are part of the Interfaith Organization of Greater St. Louis. The liaison member took the liberty of sending the letter on the "Hindu Temple of St.Louis letter head" without the approval or knowledge of EC or BOT.

Therefore, the board has passed an unanimous motion that the previously issued letter by the liaison member was without authorization of the Temple Board of Trustees and it expresses those are the personal views and opinion of that individual and not complete views of the Hindu Temple of St. Louis.

We urge for your support, understanding and co-operation.

Thanking you all

Temple Governing Body.
